

PRAYmissions

A & K Central Asia

Prayer

Language Learning (LL)- A's has a new language tutor because his old one got promoted at work and no longer had the time to teach. **Pray** that this change in teaching will be good.

Central Asia- **Pray** that the people will open their hearts to hear God's word. **Pray** for the persecuted church.

In our last update, I mentioned that A and I have been working on some business projects. So, what have we been working on? We are helping out an agricultural company that is overseen by one of the teammates. This teammate also owns a store franchise with locations throughout the South. His franchise partners with the agricultural company in selling feed and other supplies to local farmers. The stores are still new, just a little over a year old. I have been helping with the administrative side of things. We hope to have this new POS up and running this month so that we can teach the store owners how to use it when they are all in our city for a conference. In addition to this, A is helping with the technology side of things for another side of the agricultural business.

The gorgeous weather recently has given A an excuse to round up some of the people in the church and teach them to play disc golf. They have been able to play most Sundays during the past two months. It has been a fun start to the dream of creating a course here and bringing the sport to this country. While they are playing disc golf, I have been enjoying being outside picnicking with some of the girls who don't have an interest in playing. It often turns into a dance party.

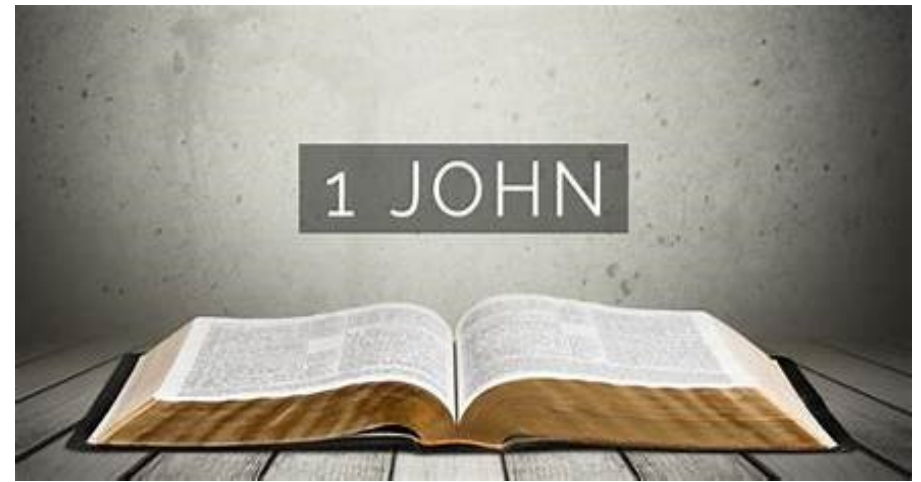

See the Welcome Center bulletin board for the full missionary prayer letters.
